

European Transport Conference
9 – 11 October 2019
Dublin Castle, Dublin, Ireland

CALL FOR PAPERS

Freight and Logistics

The Programme Committee has highlighted areas of interest for the 2019 Conference:

- Driver shortage (road, rail, IWW)
- The potential of technology
- Logistics 2030
- TEN-T
- E-commerce and vans
- Rail network mitigation
- How to be successful as an intermodal terminal
- Last mile on rail
- Digitalisation in transport
- The impact of autonomous driving/sailing on logistics

Important notice:

If you submit an abstract, this will go through a selection process. Each year we receive more abstracts than can be accommodated in the programme. If your abstract is selected, please be aware that others have been rejected, that the ETC organisation has invested time in devising a attractive and coherent programme and that delegates have used this programme to decide to come to the conference.

Before submitting your abstract, please make sure there is time and funding to have at least one of the authors come to the conference to present the paper and that you have/will obtain the approval needed (from management or client) to present the work in public at the time of the conference.

We do understand that sometimes circumstances change, forcing authors to withdraw. You would help us by informing us as soon as possible, preferable ample time before the conference. Last minute withdrawals or no-shows negatively affect the conference experience of your fellow transport professionals.

If you need any assistance, please contact Sally Scarlett: sally.scarlett@aetransport.org
